

Lakeland of the Year 2007

It was a well qualified young lady who swept into the Swedish show rings during a sunny weekend in May 2007. Her aim was to add a Swedish champion title, to the ones she already had. She won three BOB in three days, and got her championship. It means that she is now champion in Germany, Croatia, Austria, Poland, Luxemburg, Switzerland and Sweden, as well as International champion. Her name is Hjlucynda Calypso, from Germany.

It all started in Hassleholm at the Kennel Club Show the 18th May were she got CAC, Swedish championship and BOB for the Irish judge Marie Hamill. Next day she won BOB and BIG-4 for judge Lilian Lleton from Denmark. The third day, at the Terrier Club Show in Horby, she got BOB again for judge Petter Steen, Norway. She was also part of the breeders group from kennel Calypso which got the judge to exclaim: "One of the best breeders groups I have ever judged, no matter breed. Congratulations!!" The breeders group got BIS-3. These results also qualified her for the title **Lakeland of the Year 2007** in Sweden. Many Congratulations from Nordiska Lakelandringen!!
